

LEVY COUNTY DEVELOPMENT DEPARTMENT

OWNER/BUILDER AFFIDAVIT

EXEMPTION FOR ELECTRICAL LICENSING

**DISCLOSURE STATEMENT FS 489.503 (6) PART II,
F.S.**

State law requires electrical contracting to be done by **licensed** electrical contractors. You have applied for a permit under an **exemption** to that law. The exemption allows you, as the owner of your property, to act as your own electrical contractor even though you do not have a license. You may install electrical wiring for a farm out building or a single-family or duplex residence. You may install electrical wiring in a commercial building where the aggregate construction cost of which is under \$25,000. The home or building must be for your own use and occupancy. It may not be built for sale or lease. If you sell or lease more than one building you have wired yourself within 1 year after the construction is complete, the law will presume that you built it for sale or lease, which is a violation of this exemption. You may not hire an unlicensed person as your electrical contractor. Your construction shall be done according to building codes and zoning regulations. It is your responsibility to make sure that people employed by you have licenses required by state law **and** by county or municipal licensing ordinances.

I acknowledge that as an owner/builder, I _____ am
Printed Name, First Name First

responsible to actually physically do the work for which I have requested the electrical permit.

I understand that if I am not physically doing the work or physically supervising free labor from friends or relatives, that I must hire a licensed contractor (i.e. Certified or Registered Electrical Contractor). I further understand that the violation of not physically doing the work, not being present and supervising the electrical work, or the use of unlicensed contractors at the construction site, will cause the project to be shut down by the inspection staff of the Levy County Building Department and the revocation of the electrical permit.

I hereby assume full responsibility as the owner/builder contractor, and will personally perform or supervise all work covered by the electrical permit requested under the license exemption.
